

# City of Cape Coral SW Expansion

## Municipal Potable Water Supply

**Year:** 2007

**Start-Up Date:** 6/2007

**Client/Owner:** MWH Constructors

**Engineer:** MWH

**Location:** Cape Coral, FL, USA

**Application:** Municipal Potable Water

**Scope of Work:** Provide feed pump refurbishments; supply and install new transfer pumps; new clearwell baffling; other site and piping modifications.

**Operation Data:** N/A

**Capacity:** 9 x 1,000,000 GPD

**Project Summary:**

This project was a retrofit supplying feed pumps, transfer pumps, baffles for the clearwell and upsizing the same site piping. The flow rates from the RO were increased and the ancillary equipment had to be upgraded to meet the increased flow.
